MEETING OF THE STATES PARTIES
First meeting

RESPONSIBILITIES OF THE STATES PARTIES FOR THE EXPENSES REFERRED TO IN ARTICLE 11, PARAGRAPH 7, OF THE INTERNATIONAL CONVENTION AGAINST APARTHEID IN SPORTS

Administrative and financial implications relating to measures of implementation of the Convention

Statement by the Secretary-General

1. In accordance with article 11, paragraph 7, of the International Convention against Apartheid in Sports, "States Parties shall be responsible for the expenses of the members of the Commission while they are in performance of Commission duties". 1/

2. It may be recalled that in 1989 the States parties considered three possible scales of assessments to distribute the expenses of the Commission against Apartheid in Sports: (a) equally; (b) proportionally on the basis of the scale of assessments determined by the General Assembly for the United Nations regular budget for the year 1989; and (c) 50 per cent equally and 50 per cent proportionally on the basis of the scale of assessment for the year 1989. For the year 1989, the States parties, at their meeting held on 7 July 1989, decided to apportion the expenses proportionally on the basis of the scale of assessment for that year.

3. The expenses of the Commission for the year 1990 have been estimated at $35,600. Owing to the non-attendance by three members at the 1989 session of the Commission, from the assessments paid, an unexpended balance of $13,545 is available. In that connection, therefore, it is proposed that the States parties should be assessed for an estimated net expenses of $22,100, which represents the difference between the estimated expenses for 1990, $35,600, and the remaining balance of $13,545 from 1989.

4. A table which apportions the estimated net expenses among the 46 States parties to the Convention under the three possible alternatives for assessment referred to in paragraph 2 above is set out in the annex to the present statement.

READEX FICHE

It should be noted that the basis for the apportionment of the assessments under alternatives (B) and (C) of the attached annex are based on the scale of assessments for the year 1990 as approved by the General Assembly at its forty-third session. 2/

5. Since a method for apportioning the estimated annual expenses of the States parties has not been decided, members of the Commission are invited to decide on the method of apportionment of its expenses.

Notes

1/ General Assembly resolution 40/64 G of 10 December 1985, annex.

2/ General Assembly resolution 43/223 of 21 December 1988.
